# INTRODUCTION AND GENERAL INDEX

---

R. L. POLK & CO., publishers of more than 1,000 city, county, state and national Directories, present to subscribers and the general public, this, the 1963 edition of the Astoria City Directory.

Confidence in the growth of Astoria and Clatsop County's industry, population and wealth, and in the advancement of its civic and social activities, will be created as sections of this Directory are consulted, for the Directory is a mirror truly reflecting the community to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the results of their labors will meet with the approval of every user, and that the Astoria City Directory will fulfill its mission as a source of authentic information pertaining to the community.

## Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Astoria, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business firms and cooperations for Astoria, Gearhart, Hammond, Seaside and Warrenton is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Astoria, Gearhart, Hammond,

Seaside and Warrenton, and the name, official personnel, nature and address of each firm and corporation in these cities. The Rural Route Holders are also included in this section.

III. THE ASTORIA DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE for Astoria is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes, and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY for Astoria is the fourth major department, printed on blue paper.

### **Community Publicity**

The Directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site, and as an educational center. To broadcast this information the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Astoria and Clatsop County, for business men, everywhere realize that the City Directory represents a community as it really is.

### **The Directory Library**

Through the courtesy of the publishers of the Astoria City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

### General Review

Astoria and Clatsop County are rich in historic interest and importance. Early events occurring here had far reaching effects, eventually resulting in Oregon and the Pacific Northwest becoming a part of the United States instead of the possession of a foreign power.

Urged on by the desire to find a fabled "Northwest Passage" by water across the North American continent, Spanish and British explorers had sailed along the Oregon and Washington coastline, but the Columbia River was not discovered until 1792, when Captain Robert Gray of Boston entered the river and named it after his ship, the "Columbia."

In 1804, President Jefferson appointed Captains Meriweather Lewis and William Clarke to head an expedition across the western plains and mountains to the Pacific Ocean. Lewis and Clarke explored the Lower Columbia region and spent the winter of 1805-1806 at Fort Clatsop, near Astoria.

Fort Clatsop, a national memorial park, the 1805-06 headquarters of Lewis & Clark near Astoria was rebuilt in its exact replica in 1955 and is one of the finest tourist attractions on the Pacific Coast today. Located four miles south of Astoria on U. S. No. 101 the fort was rebuilt on the exact spot of the original fort.

In 1810, John Jacob Astor of New York organized the Pacific Fur Company to engage in the fur trade on the Columbia River. This company sent the ship "Tonquin" by sea and another party overland, the two to meet at the mouth of the Columbia River. The men in the "Tonquin" arrived at their destination in March 1811, and built Fort Astoria, the first permanent American settlement on the Pacific Coast. After many

hardships and loss of lives the overland party arrived in the winter of 1811. Due to the War of 1812 and the loss of relief ships, the fort passed into the possession of the British, but was restored to the American flag in 1818.

During the following decades Astoria was the goal of traders, explorers, missionaries and pioneer settlers, and on the shores of the Columbia are the last resting places of many of these early intrepid adventurers. These historic events are illustrated on the pictorial frieze surrounding the main portion of the Astor Column, a concrete monolith 125 feet high, located on Coxcomb Hill, overlooking a scenic panorama of mountains, oceans and rivers. This unique monument is the only one of its kind in the United States and attracts thousands of visitors annually.

Astoria today is a modern city of about 11,000 population, the commercial, financial and shipping center of the Lower Columbia River district of Northwestern Oregon and Southwestern Washington. Most of the Astoria business district was rebuilt following a disastrous fire in 1922 and its stores and office buildings are a credit to a city of its size.

Astoria is the headquarters of the Columbia River fishing industry and along its waterfront are many plants engaged in canning, curing and freezing fish. Here is the largest flour mill in Oregon. Other manufacturer products are butter, ice cream, powdered milk, lumber, veneer, fish oils and meal and a number of specialty products. Many of these plants are open to visitors.

Astoria's school system is housed in modern, well-equipped buildings. The principal church denominations, leading fraternal organizations, patriotic societies and service clubs are represented in the city's social life. The finest turf athletic field in the state and other playgrounds provide facilities for many outdoor sports. Water sports enthusiasts find ideal conditions for motor boats and sail boats.

A large permanent base for the Reserve Fleet, U. S. Maritime Commission is also located at Astoria. At this installation are many vessels which can be reactivated on extremely short notice, in the event of a national emergency.

Astoria is located at the confluence of the Columbia River and Youngs Bay, about ten miles from the mouth of the River. The city is at the junction of three transcontinental motor routes—U. S. Highway No. 30, starting on the Atlantic Coast and ending at Astoria; U. S. Highway No. 101, paralleling the Pacific Ocean from Mexico to Canada, and U. S. Highway No. 26 from Nebraska to Astoria. Other modern improved highways lead from Astoria into the farming and timber districts of the city's trade area. Passenger service is provided by the Spokane, Portland & Seattle and Northern Pacific.

At the larger waterfront docks ocean liners load for ports around the world. Fast, frequent ferry service across the Columbia River connects the highway systems of Oregon and Washington.

This publication  
is the product  
of a member of...

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a

tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organization and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

## Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore  $1000 \times 3\frac{1}{2} \times 305$  equals 1,067,500.

## MR. CITIZEN!

### CORRECT INFORMATION

### IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. **Your name, listed correctly in the City Directory, is a great asset.** This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

"r"—RESIDENT

"h"—HOUSEHOLDER

# "r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

# VITAL INFORMATION

## ***AT YOUR FINGER-TIPS!***

Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communication, etc. Also, Directory usage is **up** among regular subscribers.

**More People are Seeing City Directory Ads**

# **MR. CITIZEN!**

## **CORRECT INFORMATION IS VALUABLE TO YOU!**

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. Your name, listed correctly in the City Directory, is a great asset. This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

## POLK'S ASTORIA

Directory of Householders, Occupants of Office  
Buildings and Other Business Places, Including  
a Complete Street and Avenue Guide

### 1963

Copyright, 1964, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible).

## DOMESTIC POSTAL RATES

### First-Class

**LETTERS:** 8 cents for each ounce or fraction of an ounce.

**POST CARDS or POSTAL CARDS:** 4 cents each within prescribed sizes.

**BUSINESS REPLY MAIL:** Consult your local post office.

### Second-Class

**NEWSPAPERS AND PERIODICALS** (Transient rate): 4 cents for the first 3 ounces, and 1 cent for each additional ounce or fourth class rate, whichever is lower.

### Third-Class

(Up to, but not including 16 ounces) On circulars and other miscellaneous printed matter, books, catalogues, and merchandise, 4c for the first 2 ounces or fraction, plus 2c for each additional ounce or fraction.

(For special rates on some books and catalogues, consult your post office).

### Bulk Rate

Consult your post office.

### Fourth Class—Parcel Post

Fourth-class mail embraces mailable matter not included in the first or second class, weighing 16 ounces or more.

Parcels mailed BETWEEN FIRST-CLASS POST OFFICES (except Alaska and Hawaii) carry the following weight and size limits:

**SIZE:** 72 inches in length and girth combined (ALL ZONES)

**WEIGHT:** 40 lbs. (local, 1st & 2nd zones) 20 lbs. (3rd through 8th zones)

Weight and size limits of 100 inches in length and girth combined, and 70 lbs. apply in the case of parcels:

1. Mailed at ANY post office or on any rural or star route for delivery at any second-, third-, or fourth-class post office or for delivery by any rural or star route carrier.

2. Containing baby fowl, live plants, trees, shrubs, or agricultural commodities.

3. Books that qualify at the Educational Materials or Library Materials rates. (Consult post office for regulations)

4. Mailed for delivery at most Army or Fleet post offices (consult post office for exceptions), or to any Territory or Possession of the United States, including Alaska and Hawaii.

#### AIDS TO PROPER MAILING

Do not use "Township" as part of your address.

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Zone numbers on mail addressed to cities where Zone Numbers are required.
